

Town of Acton, Maine Employee Wage Policy

The Board of Selectmen, unless voted otherwise at the Annual Town Meeting, have the authority to assign an employee's hourly wage. The Department Head may make a recommendation to the Board of Selectmen as to what the employee's wage should be, but ultimately it is the decision of the Board. This recommendation must be submitted to the Selectmen, in writing, a minimum of 21 days before it is to take effect.

Starting wage, as well as any future increases in wages, should be considered on experience, longevity and merit.

At no time will the Board of Selectmen approve a wage that is less than State and/or Federal Minimum wage.

Adopted August 28, 2018
